

Drip holster Artnr: 29055

- Attaches to the smaller 3/4" threaded opening in the drum
- Protects against spills
- Built in strainer to prevent impurities falling into the drum
- Very sturdy, can be used as a grab handle when moving the drum
- Contributes to a cleaner working environment

Often a "home made" solution can be seen

Drip holster holds the outlet hose and gun in a fixed place and takes care of any drips from the nozzle
