

## Filter Rug Part No: 29138

Measurements: 400x 1200x30 mm

- Strains the waste oil from gravel, washers etc.
- Dampens any splashing from oil and antifreeze
- Can easily be cut to desired size
- Protects the draining pump from impurities which could damage seals
- Long life - shake it off when it's full with debris
- Size is adequate for up to 3 waste oil drainer bowls
